

REPORT TITLE: SECONDARY RELIGIOUS EXEMPTION PROCEDURES
REPORT NUMBER: 6. 1) SP.BD-01-2017-18
DESTINATION: Special Board Meeting #01
DATE: September 27, 2017
AUTHOR OF REPORT: Lonnie Bolton, Superintendent of Education
TYPE OF REPORT: Information

Background:

1. The Board Policy Review Committee completed their review on the Secondary Religious Exemption Procedures and went to the Board for approval September 2015.
2. As a means of helping to clarify the school's and the board's position regarding the religious program offered in Simcoe Muskoka Catholic District School Board's secondary schools, it was necessary to continue to revise our current procedure and formalize the application process ([Appendix 1](#)) that ensures the applicant is clear and fully aware of the impact that an exemption from Religious Studies may have, as well as the mission and purpose of our Catholic schools.

Comments:

3. A further review was conducted and revisions have been made as recommended by the Board's legal counsel.

Page 3 - added under Expectations

The *Education Act* provides for the following exemption from religious courses and programs for "open access" students:

"Open access" students are "persons who are qualified to be resident pupils in respect of a secondary school operated by a public board who attend a secondary school operated by a Roman Catholic Board". In other words, "open access" students are students who attend a Catholic secondary school, but whose parents have been public school supporters. A student's qualification for resident pupil status is based solely on the location of the student and parent/guardian's residence, and the school board of which the parent/guardian or student (if 18 years or older, or 17 or 17 and withdrawn) is a supporter. If a student satisfies both the residency and supporter criteria, he or she will qualify as a resident pupil and, if attending a Catholic secondary school, will be eligible to be exempt from religious courses of study and programs.

Students who are not “open access” students are not eligible to obtain a religious exemption under the *Education Act* and this procedure.

Page 4 - added under Expectations (cont'd)

Upon receipt of a completed standardized form, the school will assess the student’s eligibility for an exemption.

Once the student’s eligibility is confirmed, the exemption will be provided by the school without delay, pressure or other adverse treatment.

Conclusion:

4. The report Secondary Religious Exemption Procedures is provided to the Board of Trustees for information.

Practice and Procedure Around Religious Education Exemptions

Our Virtues and Values:

“Catholic schools must be places where students can hear Jesus’ invitation to follow Him, where they can receive His command to love all people, and where they can realize His presence and His promise to be with them always. Only in this way can they be nurtured and encouraged to become who they are meant to be: persons of dignity and freedom, created in the image and likeness of God as modeled in Jesus Christ.” (Institute for Catholic Education)

EXPECTATIONS AND PROCEDURE FOR RELIGIOUS EDUCATION EXEMPTIONS

Students registering in a secondary school in the Simcoe Muskoka Catholic District School Board will be required to register for one religion course in each year of attendance.

Students enrolled in a Catholic school are expected to participate fully in the faith life of the school which includes any religious program, course or activity with a substantial component of religious content (i.e., liturgies, masses, retreats, etc.).

Registration forms will show religion as a compulsory course in each of the four years. Students must select a religion course on their registration form unless they request and receive an exemption under the *Education Act*.

The *Education Act* provides for the following exemption from religious courses and programs for “open access” students:

“[...] no person who is qualified to be a resident pupil in respect of a secondary school operated by a public board who attends a secondary school operated by a Roman Catholic board shall be required to take part in any program or course of study in religious education on written application to the Board of,

- a) the parent or guardian of the person;
- b) in the case of a person who is 16 or 17 years old who has withdrawn from parental control, the person himself or herself;
- c) in the case of a person who is 18 years or older, the person himself or herself.”

“Open access” students are “persons who are qualified to be resident pupils in respect of a secondary school operated by a public board who attend a secondary school operated by a Roman Catholic Board”. In other words, “open access” students are students who attend a Catholic secondary school, but whose parents have been public school supporters. A student’s qualification for resident pupil status is based solely on the location of the student and parent/guardian’s residence, and the school board of which the parent/guardian or student (if 18 years or older, or 17 or 17 and withdrawn) is a supporter. If a student satisfies both the residency and supporter criteria, he or she will qualify as a resident pupil and, if attending a Catholic secondary school, will be eligible to be exempt from religious courses of study and programs.

Students who are not “open access” students are not eligible to obtain a religious exemption under the *Education Act* and this procedure.

To assist students, parents or guardians in making a written application for an exemption, a standardized exemption application form shall be made available to students, with information requirements that are sufficient to determine the student's eligibility to the exemption under subsection 42(13) of the *Education Act*. The form will also include a general list of programs, activities or course(s) of study that are eligible for the exemption and which the student can select.

Students have the right to request an exemption from any specific religious program, course or activity while retaining the right to participate in other religious programs, courses or activities.

Upon receipt of a completed standardized form, the school will assess the student's eligibility for an exemption.

Once the student's eligibility is confirmed, the exemption will be provided by the school without delay, pressure or other adverse treatment.

Students who apply for the exemption will not be asked to provide any reasons for their request, nor attend any meeting with school or board officials as a precondition to the application being recognized and accepted.

The exemption may apply to religious programs, courses or activities with a substantial component of religious content. For example, exempted students may not be required to participate in prayer and liturgical activities, nor required to attend at religious observances. The school should produce a list of religious programs, courses or activities to which the exemption may apply, and the list should accompany the standardized form. Students, parents or guardians may also question whether other courses, programs or activities are religious education for the purposes of subsection 42(13) of the *Education Act*.

Students with exemptions will be given the opportunity to take alternative course or program offerings to the extent reasonably possible in line with ordinary course selection procedures. At the student's request, the school will work with the student to provide information to assist him or her in making an informed decision.

Students with exemptions from religious courses and activities will be treated with dignity and respect.

All exemption requests should be referred to the Principal, who will then forward the application form to the Superintendent of Education. The Superintendent of Education will convene a Committee to review the application to determine if the student is eligible for a Religious Education exemption. The Superintendent will inform the student, parent, or guardian, as applicable, of the Committee decision in accordance with these procedures and the *Education Act*, in writing and in a timely manner.

Once the student's eligibility is confirmed, the exemption will be implemented by the school without delay, pressure or other adverse treatment.

ENQUIRY PROCESS

School:

- A. Principal to meet and discuss with Guidance, Teaching, Chaplaincy Team Leader, Support Services, etc. and direct them to refer every exemption enquiry from a student and/or their parent(s)/guardian(s) to the Principal (or VP in their absence).

 1. Schedule the appropriate Religion Course in the students' timetable;
 2. Once all students with a Religion Course have had their timetable conflicts resolved, students with an approved religious exemption will be removed from their Religion Course;

7. Catholic schools are called to provide students with a comprehensive religion programme that will influence and mold their lives into the future.

Content of Religion Courses:

[Address]

Dear [Parent/Guardian/Adult Student],

I am in receipt of your letter [application form], dated [date], requesting your son or daughter [student name] to be exempted from [“quote from parent letter”] at [school name] for the [year-year] school year.

The Simcoe Muskoka Catholic District School Board believes that the purpose of registering a student in any of its high schools is to provide that child with an education that will form them intellectually, physically, emotionally and most importantly spiritually. A student registered in a Catholic school is expected to participate in religion courses in each year of attendance and in all activities related to the faith life of the school including masses, retreats and paraliturgies.

Students who are registered in Catholic schools are required to meet the expectations of the Ontario Catholic School Graduate Expectations. Our school system promotes inclusion as an important principle and students are not expected to exclude themselves from the core faith programme or other activities related to the faith life of the school they attend.

We believe that religious education courses help to build community within and outside of the school and that in order for students to benefit from a Catholic education; they must be fully immersed in a curriculum based on the beliefs of the Catholic faith. Curriculum in all subject areas is designed to mould, guide and support students in a spiritual journey that will prepare them to be discerning believers, effective communicators, self-directed lifelong learners, collaborative contributors, caring family members and responsible citizens.

[If application form has not already been provided, include:] Should you wish to proceed with your request for an exemption, please be advised that we require you to complete the attached application form, which will be forwarded to the Superintendent of Education.
